From 2005 to 2007, Delta was facing a huge loss that led to bankruptcy.

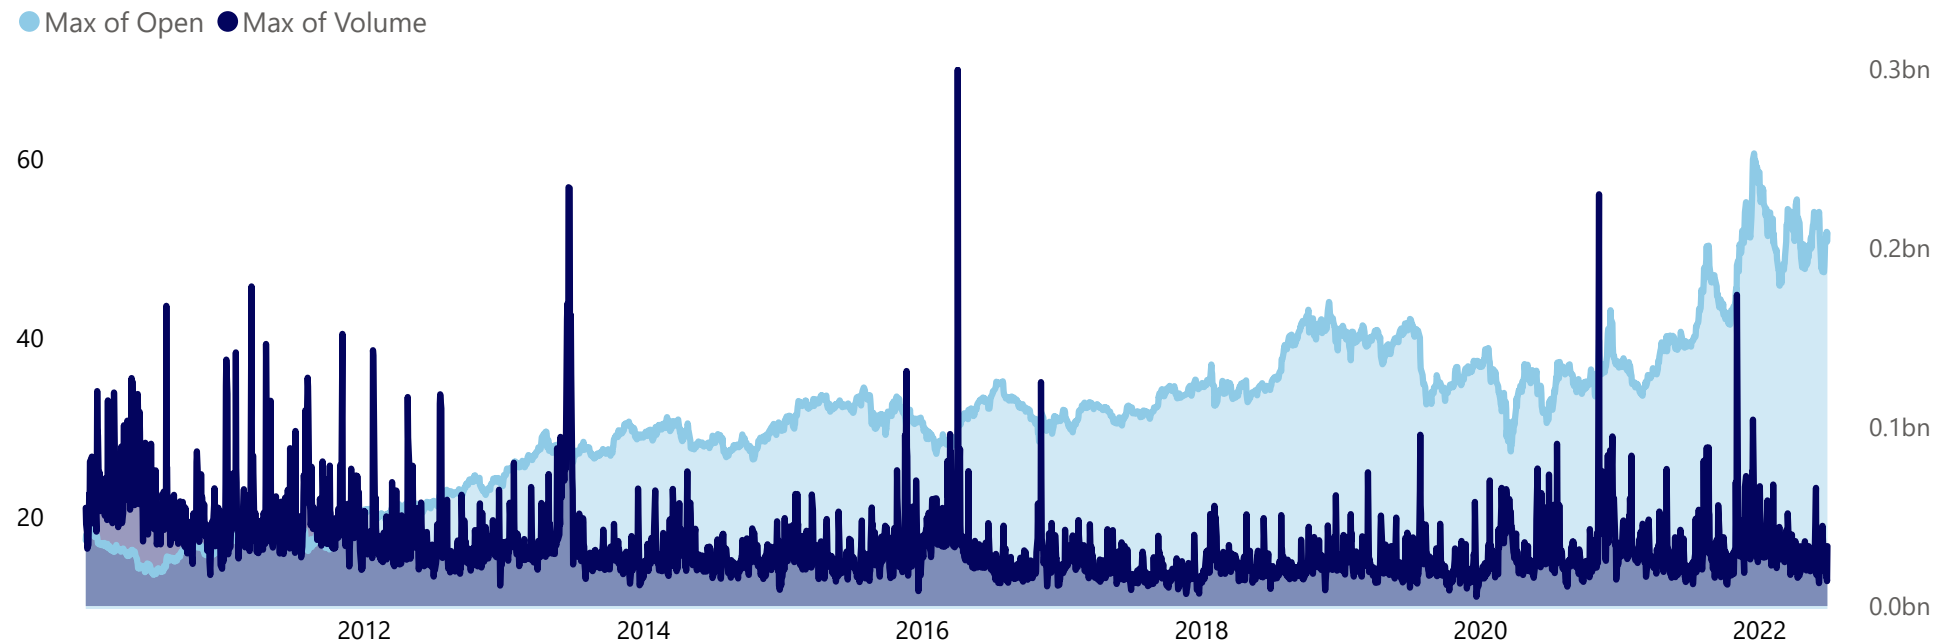

In 2008, Delta acquired Northwest Airlines, which continued to operate as a wholly owned subsidiary of Delta until the end of 2009.

in 2010 The two companies' computer reservations systems and websites were combined, and the Northwest Airlines brand was officially retired.

in 2020 Delta's lost a record \$12.39 billion as the pandemic devastated travel demand. Despite the impact from the latest Covid variant, U.S. airline recovery is well underway.

Pfizer is a large pharmaceutical company many people know for drugs such as Viagra. However, the company was instrumental in helping BioNTech develop the first FDA-approved COVID vaccine in the U.S.

Pfizer stock (NYSE: PFE) has increased as a result, though not as dramatically as some of the other names mentioned here. Its stock increased 62% from March 2020 to March 2022 and 44.83% since March 2021. Its stock slipped slightly
